

# PROP GUARD

Propeller Guards

**WARNING**  
**EXPOSED PROPELLER BLADES**  
**CAN BE FATAL**

**PropGuard** is a product proudly developed from extensive research into accidents and injuries involving outboard motors.

**PropGuard** has been developed to assist in the:

- Protection of swimmers and divers in the water
- Prevention of rope entanglement
- Protect propeller when used around rocks and underwater hazards
- Allowing for safe operation in shallow water
- Give protection to family and friends against serious injury when using an outboard motor

**PropGuard** is supplied with attaching grub screws, allen-key and simple instructions for easy installation. There is NO drilling required!

**PropGuards** are available in various sizes to suit outboard motors from 2hp to 50hp.

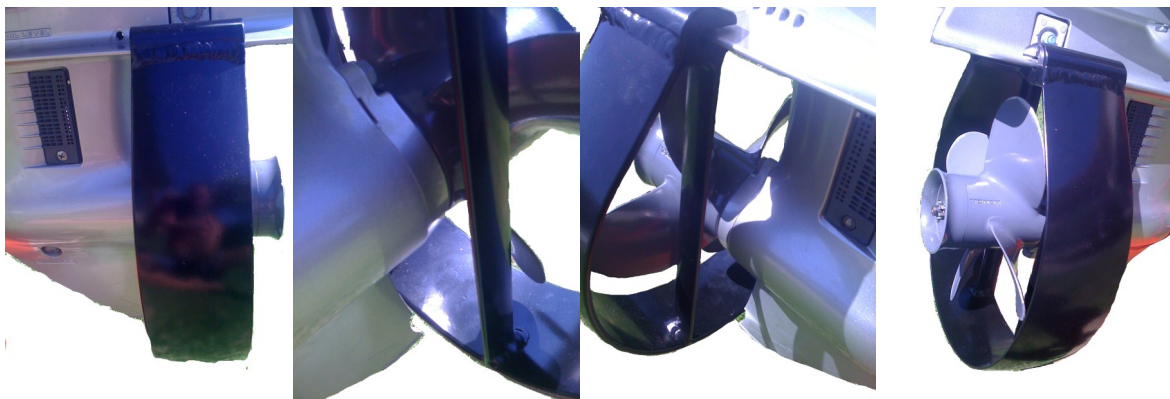

**PropGuards** are available for larger motors upon request.

**PropGuards** are powder coated black for extra protection against the elements.

**PropGuard** is made in New Zealand by Safe Marine Ltd who continuously develop and evaluate how to make **PropGuard** more efficient and help protect those in the water while maintaining efficient running of your outboard motor.
